

Please note the rules below and carry this permit with you (electronic or hard copy) when using a shotgun on the MHRRC 75 yd. range. You may be asked to provide evidence of authorization for shotgun use by an Executive or RSO (Range Safety Officer)

Permitted members are RESPONSIBLE for their guest and MUST ensure they follow shotgun use policy and all Range rules.

Issued permits expire 31 days past the current calendar year, i.e. Jan. 31st.

The permit can be issued via the website by use of the contact executive and choosing the VP of Operations and Training. In the absence of the VP of safety and training, permits may be issued by an appointed Executive member for the outlined issue time periods or specific temporary dates.

Please provide your membership number in the request as well

Targets and stands must be supplied by the shooter. (No shooting club supplied plywood backboards, stands, as this leads to premature wear replacement)

NO GLASS or any targets that can leave hazardous material on the ground.

ALL traces of targets/ammo (hulls, wads, etc.) brought by shooters MUST be cleaned up completely immediately after shooting is concluded. The permit can be issued via the website by use of the contact executive and choosing the VP of Operations and Training.

NO slugs or buckshot to be used against the Bianchi Plate racks. Trap loads only (7.5 or 8 shot).

If other shooters are in the vicinity to observe shotgun usage, an attempt should be made to make it known to these persons that this is being allowed due to special permissions being given from the executive as is required. MHRRC Executive reserves the right to revoke this Permit for any reason/violation at any time and may also issue infraction action with no avenue of recourse by the member.
